Attention Strata Owners!

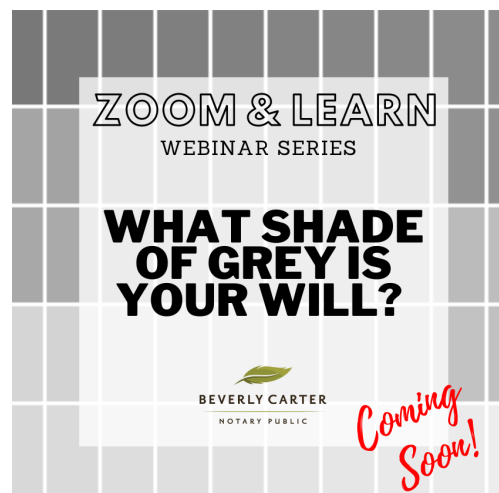

FOR ALL MY CLIENTS WHO OWN A STRATA: Strata Insurance is becoming a hot topic due to changes in deductibles & how stratas are managing issues that invariably come up. Older buildings that are not frequently maintained may contribute to higher value and volume of claims. [Read more here.](#)

Zoom & Learn: The Death Series

In a few weeks, we are running a new series entitled ***"The Death Series"***. In our BC Notary world, we frequently approach the documents related to dying so we thought it would be interesting to provide an explorational series that shows other aspects on the subject of death.

Topics & Dates:

- **Oct. 6th 10am** - Insights from a Medium
- **Oct. 8th 10am** - What Shade of Grey is Your Will?
- **Oct. 20th 10am** - Discussions with a Death Doula
- **Oct. 21st 10am** - The Philosophy of Death

- Oct. 29 10am - Meet the Mortician
- Date TBA - Life at all costs
- Date TBA - Who is in Charge After You Die?

Say Goodbye, Say Hello!

UVIC Business Co-op Students: This month, we sadly said goodbye to our Co-op Student Alicia, and happily welcomed Emily for the next four month term. Our Co-op students are a great addition to the Notary team - organizing Zoom & Learn sessions, working on our social media presence, and assisting with website development. In our busy office our students keep us calm and carrying on! We love their intelligence and keen work ethic!

#ThinkLocal: Help us Support Local Businesses!

As part of our Think Local series: Did you ever wonder who was behind those pop-up recycling depots around town? PMD Recycling Solutions was heavily impacted by the closure of many businesses who they collect recycling materials from (think Starbucks recycling bins) during the onset of Covid. PMD Recycling Solutions offers recycling services for a variety of different materials including foams, electronics, soft plastics, and even infant/child seats! Click below for PMD's local recycling locations and times:
